

AICHE, Metro New York
*Serving Chemical Engineers in
 the Metropolitan New York Area*

Tuesday, June 9th Meeting

<http://tinyurl.com/nyaiche>

Special Infrastructure Meeting		
Asphalt - A Hot Material of Construction		
Bruce Barkevich , Vice President of the New York Construction Materials Association		
Venue: Con Edison Building 4 Irving Place, NYC - Mgmt. Dining Room	Cost: \$25	Professional Development credits now available: 1 PDH; Fee: \$25 for NYS PEs

Asphalt - A Changing Product in a Changing Industry

This Meeting's Takeaway will be an understanding of:

Asphalt 101	What's going on in the asphalt industry? Uses, major products: HMA, Superpave, Porous Pavements, etc.
Production Process	Raw materials, Fuels, Process equipment, Quality assurance
Drivers for Improvements	Environmental, Economic
New Products	Warm Mix Asphalt, Porous Pavements, Thin Overlays
Barriers to Change	Lack of familiarity with new products, Lack of generally accepted purchasing and testing specifications, Investment requirements, Permitting requirements
Predictions	Newly available products, Production technologies, Prices, Business adjustments by companies

Speaker: Bruce Barkevich is a Vice President of the New York Construction Materials Association. This trade group represents the Aggregate, Asphalt, and Concrete companies that produce a majority of the Hot Mix Asphalt made in New York State. Bruce is directly responsible for the technical and promotional efforts related to asphalt production and usage. He is a Civil Engineer (University of Buffalo), has worked as a project manager in the construction and paving industry for more than 16 years, and has worked at NY Construction Materials for the past five years.
